

OTORHINOLARYNGOLOGY HEAD & NECK NURSES GROUP INC

*Increasing knowledge, skills and expertise in
otorhinolaryngology, head and neck patient care.*

www.ohnng.com.au

I cordially invite you to attend the 27th annual OHNNG Conference, held in conjunction with our ASOHNS colleagues in the beautiful city of Perth.

Building on last year's excellent program led by Cheryl Kelly, 2024 is a year of inspiring innovation. As nurses are amazing catalysts for change through inspiration, innovation and influence, we have a unique opportunity to teach, motivate and relate to our patients as well as promote health and improve the delivery of healthcare. Bringing together the brightest minds (and the kindest smiles), with the aim of enriching our knowledge and clinical skills through shared learning and experience from all over Australia.

This year's meeting will allow countless opportunities to share our knowledge and skills, investigate new patient-care strategies and create collegial bonds across multidisciplinary clinicians. The health care industry, with its ever-increasing demands for care with limited resources, our ENT Head & Neck nursing work force needs to continue to adapt and evolve to fill these needs with quality, expert care, working alongside our medical colleagues.

So come along, learn and see something new, meet fellow colleagues in similar roles and don't forget to bring your dancing shoes!

See you there,

WHEN: March 8-10th

WHERE: Crown, Perth, WA
